Hey, Jennifer- are you (or is someone else from ECEJ involved in the Bakken team) planning to put anything together for this? I am not even sure if you have transitioned yet or what is planned for the Bakken team when you depart, so pardon my confusion ☺

Greetings, on behalf of Melanie Wood, PESD Director, we request of you to provide any Hot Topics deem important to bring to the attention of the **EPA Administrator who will host a breakfast meeting with the Western Governors' Association on February 23, 2014**. The request to have these Hot Topics is **due to OCIR by February 13, 2014**, this Thursday. Melanie sends her apologies for making this request so late, so your immediate attention is of utmost important to meet the OCIR deadline submittal date.

I have attached (and/or linked to on the I:\30 Day Share\WGABreakfastEPAAdministrator) a number of things for you to consider in response to this request:

1. Previous (most recent) Hot Topics for Region 8 States [CO HT](#)[MT HT](#) [ND HT](#) [SD HT](#) [UT HT](#)
2. [Crucial Habitat Assessment Tool Brochure 2013](#) [listed on the WGA website](#)
3. [10 Year Energy Vision](#)
4. [Energy Perspectives](#)
5. [State of Energy in the West](#)
6. [Annual Report 2012-13](#)
7. [Hot Topic Format Paper](#)

So hopefully the above listed documents will help you draft Hot Topics if you should have any. If for some reason you will not make the deadline date of February 13, 2014 please let me know if you will still have something to submit and when you think you can get the information to me so that I can make aware OCIR.

Please send me your Hot Topics directly so that I may compile. While I know it is against my better judgment to send emails with attachments I can't think of a faster way to meet the deadline without a **timely** MAX Portal reeducation process that would allow you to send the information through the [MAX Portal](#) to meet the deadline, which is preferred but your future use of it we are hopeful.

Remember in this day and age friends don't let friends send emails with attachments.
